Privacy Policy for Indestamp

Last Updated: 12/11/2023

Welcome to Indestamp! We are committed to protecting your privacy and handling your data in an open and transparent manner. This privacy policy outlines how we collect, use, process, and disclose your information through the use of Indestamp's e-signature and blockchain services ("Services").

1. Information We Collect

a. Personal Information:

This may include your name, email address, and other contact details that you provide when creating an account.

b. Document Information:

While we do not store your documents, we process a cryptographic hash of your documents and metadata for blockchain recording. In the future we may temporarily store a working copy of your documents that will be irretrievably deleted from our servers when they are signed.

c. Blockchain Information:

We store the cryptographic hash of your document and some metadata, including a signature unique to your account, in your chosen blockchain.

d. Usage Data:

Information on how you interact with our services, which may include date and time stamps of actions, and system configuration information.

2. How We Use Your Information

a. To Provide Services:

To administer our services, including enabling the e-signature process and recording information on the blockchain.

b. For Security:

To enhance the security of our services and to prevent fraud.

c. Customer Support:

To provide customer support and respond to your requests and inquiries.

d. Legal Compliance:

To comply with legal obligations.

3. Sharing of Information

a. Service Providers:

We may share information with third-party service providers who perform services on our behalf.

b. Legal Requirements:

If required by law, we may disclose your information in response to legal processes.

c. Consent:

We may share information with third parties, only when we have your explicit consent.
